U.S. ARMY CORPS OF ENGINEERS

BUILDING STRONG

CAP-206-Kinnickinnic River, West Becher St, WI

Description

The project is located in the City of Milwaukee, Wisconsin, between the Interstate 94 Overpass and West Becher Street. This reach is located within the Milwaukee Harbor and Estuary Area of Concern and is part of the AOC committee's restoration effort. The proposed project involves the improvement of the Kinnickinnic River channel to reduce the quantity of contaminated sediments being transported to the Milwaukee Estuary, improve fish and wildlife habitat through diversifying river channel and stream bank morphology and channel substrate, and improving water quality within the reach by increasing the dissolved oxygen level.
